THERE are 1,740,550 Negro voters in America. It can be safely estimated that 2,000,000 of these will vote the Republican ticket in 1900.—Glasgow Times.

SEVERAL requests have been received at this office for lists of names of from two hundred to five hundred Democrats. If the senders will give their true reasons for wishing us to go to so much trouble they will be given consideration. Otherwise, otherwise.

ONE of the curses of war is the dishonest army contractor and the dishonest official who permit him to bleed the government. It has been found that some of the shoes manufactured for volunteers were made of paper and scraps of leather pressed together when they got wet fell to pieces. Some of the uniforms were of the shoddiest of the shoddy.

THE Williamson Times says that prominent Republicans have been subpoenaed in that county by John D. White to prove that Boring used money to defeat him.

ALL the Republican members and ex-members of the Kentucky Congressional delegation have decided to endorse the Hon. Brutus J. Clay for the Paris commission.

THE State Democratic Convention, over which Louisville and Lexington made such a warm contest, will be held in Louisville on each legislative day next, both the place and time having been settled Wednesday by the State Executive Committee, which will select the delegates to the convention to be held at the county court house, on June 17, is published in the CLIMAX to-day.

IN the cause of an acoustic delivered by an admiring friend to the Richmond CLIMAX, the advertiser advises the paper to "Xenophobically ever to strangers paper." Sure, the clever CLIMAX people would never do anything of that kind to a friend or neighbor, we are certain.—Lelandan Falcon.

"Xenophobically" means hospitality, hence, the Falcon is slightly off. But our admirer, "Gov. Ed. Brown, will please hereafter use only United States language.

THIS allegation is false and the allegation is a crocheted lie. It is from C. W. Jones, a friend in Davenport, Iowa, to the editor of this paper. "I read recently that during the late freeze, one of the inhabitants of Richmond, Ky., placed a lighted lamp under a pan of dough to keep it from freezing, and the moisture which collected on the bottom of the pan dropped upon the lamp chimney and froze." The story originated from the fact that on one of the coldest days foreman Hart of this office "blowed" his breath and it froze in a sheet on him which he skated home to dinner!

THE Republicans, especially the Republican newspaper, should be very busy when a certain big iron and steel manufacturing company raised the wages of their employees five or ten per cent. Now the same company has combined with several others to raise the price of manufactured steel and iron products from twenty to thirty per cent. higher than they were. Who pays for this high price increase? The poor fellow who thought his employer was a philanthropist because he raised his salary a few cents a day. The American farmer and the working man are the most easily gulped people in the world.—Nicholasville Democrat.

CONGRESSMAN DR. ARNOLD during the last session arranged the Republican party in a fearful discomfiture and what was most conspicuous was the lack of his allegations.

EXTRAVAGANCE, its tariff robbery, its pandering to the trusts and privilege grabbers, its violations of platform pledges, its contempt of the Constitution, its unjust and unworkable scheme of tariff taxation, its piling up of expenses many of them representing not

"Evil Dispositions"

Are Early Shown."

Just so evil in the blood comes out in shape of scrofula, pimples, etc., in children and young people. Taken in time it can be eradicated by using Hood's Sarsaparilla.

In older people, the aftermath of irregular living shows itself in bilious conditions, a heavy head, a foul mouth, a general bad feeling.

It is the blood, the impure blood, friends, which is the real cause. Purity that with Hood's Sarsaparilla and happiness will reign in your family.

Blood Poison—"I lived in a bed of fire for years owing to blood poisoning that followed small pox. It broke out all over my body, itching intensely. Tried doctors and hospitals in vain. Eggs Will Not be Cheap.

Jim Smith says that eggs will not be cheap so long as the roads are so rough that a man or woman cannot bring a basket of them to town without breaking three out of five. He and Bud Shearer have half a dozen poultry yards on his Stony Run farm and last year raised five hundred chickens.

Rev. T. De Witt Talmage has resigned his pastorate of his church in Washington, and will devote his time to literary work and the lecture field. Green, aged 81, read Talmage's sermons with the same regularity that he attended his church, the Christian, of which there was no more devoted member.

Frozen to Death.

The man found frozen to death last Tuesday, near Millon, and whose name was not obtainable in time to add to our notice last week, proved to be Hiram Kelly, 19-year-old son of Nathan Kelley. At inquest held before Squire Young it developed that the unfortunate was too drunk on court day booze to fight off the fatal sleep that follows bitter cold, and death laid him in a shroud of spotless snow with none to succor or to save.

Falling Brick Cause a Big Noise.

The brick coping on the front of the Tom Smith building on Main street, occupied by McClintock's harness shop, fell with a tremendous crash last Thursday morning. The ton of brick and mortar fell to the sidewalk along which several persons had just passed, and there were two narrow escapes, but no injuries. The freeze caused the trouble, it is thought. There is a fire-wall near by which looks threatening now and this is printed as a kindly if gratuitous admonition to the owners to have it speedily examined.

A Lawful Sabbath.

The Reporter has always contended that most of the saloon men preferred to close their places on Sunday, and would do so if assured that every place in town would close. Sunday the closing ordinance was observed again, and we heard of no jags on the town. The best class of saloon-keepers owe it to themselves and to the community to assist in the absolute observance of the law. If there are infractions, business sense demands that they call the attention of the police to it. Keep the law and see that others keep it.

Preachers, women and editors are not the only people interested in having a moral and law-abiding community. —Paris Reporter.

Alleged Wife Poisoning.

Red Lick, beyond Kingston, is in the throes of excitement over a case of alleged wife poisoning. The victim, Mrs. James Hurley, died last week after a short illness, and her rather hurried burial aroused the suspicion of her friends, who preferred charges against the husband, Dr. James Hurley, who was arrested and tried before Squire Sandlin. The dead woman's corpse was examined and the stomach sent to Louisville for examination to locate poison, if such was the cause of her death.

Dr. Hurley came from Clay county five years ago and later was indicted by the Madison Circuit Court for practicing medicine without license.

Superb Portraits Prepared Here.

I wish to say to the citizens of Richmond that we have a reputation in Central Kentucky that no other artist has for making free hand crayons and fine pastel portraits. We have already done sufficient work here to convince the most skeptical that there is no higher class work done anywhere. Now, our work is done right here in our own town in our Studio at the Hotel Glyndon. We do your work under your own supervision and if not satisfactory when completed it don't cost you a cent. Now, if you wish our work you will have to call early as we will not carry after our rush of work is over that we now have on hands.

Assignment of L. P. Todd.

On Friday Mr. Lewis P. Todd, the dry goods merchant, assigned to Cashier Greenleaf, of the Richmond National Bank, liabilities and assets unknown. The largest creditor, the Hibben Dry Goods Co., of Cincinnati, threatened to bring suit, whereupon Mr. Todd determined to take the step above indicated to protect all his creditors alike. The stock is now being inventoried and will be shortly sold at auction. The assignment has caused many expressions of sympathy for Mr. Todd, who is conceded to be one of the most straightforward, industrious and deserving merchants in our city. In the language of Mr. H. B. Dillingham, who learned with deep regret of the assignment, "I have known Lewis Todd for years and he is an honorable and worthy gentleman." His wife was formerly Miss Myrlice French, the daughter of the late Mr. and Mrs. W. E. French. Mr. Todd's future plans are not known.

Judge Scott Declares Local Option Law Invalid.

The Nicholasville Democrat prints this important contribution to local option literature. Judge Scott's decision is not criticized, for our learned and impartial Judge is sustained by the law and facts. The Democrat says: "Local Option Law Declared Invalid. On Monday afternoon Judge Scott rendered a decision that is of vital interest to every man, woman and child in the county. In the case against J. N. Abraham for selling whisky in a local option precinct it was decided that the local option law in civil district No. 5 is invalid in all precincts and all orders of the circuit and county courts were filed and the order made for the election at the same term of court. The local option laws were voted for under the act of 1874, and elections were held in the various precincts during the summer and fall of that year. This decision renders invalid local option law in all precincts in the county, as the same state of facts exists in all precincts. Judge Scott's decision is in accord with the decision of the Court of Appeals in a similar case that was taken up from Lee county.

"This decision, which is a just one according to law, is, nevertheless, a very severe blow to those persons who voted to out whisky in their respective precincts. Whisky can now be sold in any precinct in the county just as it was before the act of 1874. A little rant of conformity to law has rendered invalid the wishes and decision of the people in every precinct in the county save one."

There is no lack of confidence in the Black Diamond among those who know what they are talking about.

Why is it that one man is old and decrepit at 35, and another hale and hearty at 80? It depends on the care he takes of himself. Often a man's body gets out of repair—the trouble grows until it lays him out in bed. Whenever a man feels that he is not as well as he ought to be, he is listless, without energy and without vitality, whenever he finds he is losing weight and that his ordinary work gives him undue fatigue, he needs Dr. Pierce's Golden Medical Discovery. If keeps on working with his liver inactive and his blood impure—he keeps his nerves and his body under a constant nervous strain. He will not be hearty when he is old. The "Golden Medical Discovery" cures many so-called diseases because nearly all illnesses spring from the same cause—impure blood. The "Discovery" makes the appetite good, the digestion strong, assimilation easy, and the blood rich and pure.

Next Monday will be County Court day at Carlisle and Owensville.
